I, \_\_\_\_\_, am applying for Committee membership to support the success of Pine Creek Village Association (PCVA). I understand that I may be included in plans, discussions, and recommendations that involve information that could give a potential vendor or contractor a competitive advantage, and that I may see information that is proprietary to commercial business. I also understand that Committee work and Committee projects are under the oversight and legal authority of PCVA's Board of Directors, and that Committees and Committee Members have no legal authority to direct contractors or commit PCVA to any spending or obligations beyond those expressly authorized for the Committee by the PCVA Board.
